

DENOUNCE STRIKERS

Attempt to Paralyze the Nation

Miners' Leaders Say Coal Order may Cause Wider Disaster

**After Conference with At-
torney-General Issue Defiant**

[BY A. P. NIGHT WINE.]

All day long the government continued steadily taking measures to deal with the practical as well as the legal phase of the coal-strike crisis.

President Wilson, by executive order, fixed maximum prices of soft coal.

Public Administrator Clegg authorized every railroad company to give the Railroad Administration power to seize coal in transit and divert it to consumption.

United States troops began arriving in some mining districts ready to take part in keeping order and protecting miners who wished to continue at work. The extent and full nature of the troop movements were not disclosed.

The principal leaders in the miners' union met the court's action with denunciation as a "violation of constitutional rights," declaration that came too late to reach the men with a countermarching order and with predictions that it would be disregarded anyway.

were coming in from the mining States of men who decided to remain at work and others who were on strike despite the court's ruling.

435,000 miners affected remained at work and what proportion walked out. The real test may not come until Monday. Saturday generally is a "dead" day in the mines.

TRADE CAMPAIGN SINN FEIN PLOT

Representatives Sent to the
World's Business Maris.

Rebel Ministry Opens Limer-
ick Technical Schools.

Glowing Reports from De
Valera in America.

(BY CABLE—EXCLUSIVE DISPATCH.)

DUBLIN, Oct. 29.—(Delayed.) While the constabulary and military secret service were keeping their eyes wide open and their ears intent, the Sinn Fein ministry, yesterday held its first meeting since its recent suppression. Most of the seventy-three members were present. For six hours affairs of state were discussed and voted on. President De Valera's report from the United States was read, and business was transacted without a breath of disturbance from the armed forces without.

Today there was considerable excitement about Dublin Castle. The Sinn Feiners declare they stole a march by calling a secret meeting a day ahead of the date previously agreed on. So the attack on Mansion House, which they say, was planned for today, was automatically postponed.

The Parliamentarians came prepared for the raiding, and now, that the events passed quietly, they fear wholesale arrests—perhaps a charge of conspiracy against all Sinn Fein members.

IN REBELLION. Acting President Griffith opened the meeting by referring to the

English government's action in deposing the Dail Eireann illegal. This move was followed by the suppression of the Irish national press. Dail Eireann's commission to inquire into national resources—the condition of the manufacturing and productive industries, is now at work.

The Limerick technical schools, which the government closed, have been opened by the Sinn Fein ministry. Trade representatives have been sent to the United States, France, Italy, Switzerland and Argentina. The industries committee reported development of direct trade with many nations.

Steps have been taken to render ineffective the British order to reach American sailors entering Ireland. The agricultural department reported it was engaged in developing its scheme, and said it was of tremendous assistance to the campaign in America, as letters from De Valera testified.

REPORTS FROM VALERA. Griffith read reports from the "president," saying meetings addressed were enthusiastic. In Cleveland, he received a presidential salute of twenty-one guns, and was accompanied by a procession of police and militia. He is sanguine the loan drive in the United States will be a complete success.

The government departments reported carrying on activities as heretofore. The propaganda campaign on the European continent is progressing. Estimates for the coming financial period were made, and a vote of credit adopted.

No date was set for the next meeting.

BOSTON MAN TAKES

EMBASSY TO BERLIN.

(BY CABLE AND ASSOCIATED PRESS.) WASHINGTON, Oct. 31.—Elliott Drexel of Boston has been selected to take the American Embassy in Berlin, as Charge d'Affaires, when diplomatic relations are resumed.

Mr. Drexel now is in Germany as a special commissioner.

WAR'S SECRETS FROM HOLLWEG.

Former Chancellor Before
German Quiz Committee.

Admits Distrust of Wilson in
Early Peace Plans.

"We Could not then See
Within His Soul," He Said.

(BY CABLE AND ASSOCIATED PRESS.)

BERLIN, Oct. 31.—Former Chancellor Von Bethmann Hollweg was a witness today before the subcommittee of the National Assembly investigating what had been the possibilities of peace-making during the course of the war.

The committee requested answers from Dr. Von Bethmann Hollweg, who was Chancellor when the war began, and held office until July 14, 1917, to the following three questions:

First—Why did the Central Powers make their peace offer on December 12, 1918, when action by President Wilson for peace had been suggested by Germany and a certain prospect of such action was held out, at the latest, for the end of December?

Second—Why were concrete peace conditions not communicated to President Wilson?

Third—Why, instead of pursuing the idea of action toward peace by President Wilson, did Germany attempt to resume submarine warfare if she knew it would lead to war with the United States?

Dr. Von Bethmann Hollweg acknowledged that the facts established in the course of the proceedings were correct, and admitted

Germany's wish had been to enter a conference which President Wilson was willing to join.

Repeating to the first of the three questions he had been asked to answer, the former Chancellor said: "If President Wilson was upset because the Central Powers did not wait for his peace step, he did not allow this to influence his action. Von Bethmann Hollweg would not assert that President Wilson was not in earnest in holding out a prospect of peace action, but said there was a long series of facts throwing doubt on whether, and when, he (President Wilson) could carry out his resolve, which led the German government to doubt whether his intervention could come soon enough.

According to Count von Bernstorff's reports, the former Chancellor declared, the President was accustomed to show hesitancy and dilatoriness, and appeared handicapped by his own and his country's relations to the Entente.

"We could not see into the President's soul," said Von Bethmann Hollweg. "However, he had no friendly feeling for Germany, as was recently declared by Premier Clemenceau in the Senate. Moreover, the commercial relations of England and the United States for the supply of armaments were bound severely to restrain the President's peace action, and it would have been venturesome to take his peace action as a certain factor and otherwise remain inactive. For military reasons, Germany could not wait indefinitely.

"In order not to give the impression of weakness, the German peace offer had to come at a time when our military successes were at the highest. Moreover, it was necessary to show the German people that the government desired peace and was only waging a defensive war.

"It was calculated further the peace offer would increase the Entente people's will for peace and they would influence their governments in favor of negotiations. Unfortunately, the Entente replied to the German offer with a flat refusal, and the war had to be continued."

(BY RICHARD HENRY LITTLE.)

(GATCHINA—EXCLUSIVE DISPATCH.)

GATCHINA, Oct. 23 (delayed).—This little town once was one of the most beautiful spots in all Russia. Here, in the great palace of Gatchina, lived the Czar's mother, the Empress Maria Fedorovna, and here the Czar had a large deer park.

Maria Fedorovna is now in exile, living in Copenhagen, but if she cared to know it, her house of 600 rooms has not been damaged by the Bolsheviks. I walked for hours through the palace and have been in at least 150 of the 600 rooms. Not a painting or a book or piece of tapestry has been disturbed. Even the Prince Leopold is hopeful of coming here to school, but his father remarked that he still had three months to go to the Prussian Military Academy before him.

WHITLOCK ACCOMPANIES. (BY A. P. DAY WIRE.)

OLD POINT COMFORT (Va.) Oct. 31.—Aller, King of the Belgians; Elizabeth, his consort, and their son, Prince Leopold, Duke of Brabant, sailed to America this afternoon, sailing on the Presidential steamship George Washington for Belgium. They were accompanied by Brand Whitlock, American Ambassador to Belgium.

AMERICA'S GOODBY TO BELGIUM'S KING.

NAVAL ESCORT SAW ROYAL GUESTS SAFELY ABOARD GEORGE WASHINGTON.

(BY A. P. NIGHT WIRE.)

OLD POINT COMFORT (Va.) Oct. 31.—The transport George Washington steamed away from Hampton Roads at 1:30 o'clock today bearing King Albert of the Belgians, his consort, and their son, Prince Leopold, Duke of Brabant, and the American Ambassador to Belgium, Brand Whitlock.

The guns at the Norfolk navy yard boomed a national salute as the barges which carried the royal party to the ship cast off from the pier, after the King and Queen had inspected the navy yard. Aboard the George Washington, the ship's band played the "Brabanconne."

As King Albert stood on the bridge of the transport with his wife and son beside him, gazing shoreward, the big vessel steamed slowly down the bay, escorted by battleships and destroyers.

The King and his party, accompanied by Secretary Lansing of the State Department and Assistant Secretary Long, who has been with the party through its tour of the United States, and by Secretary Daniels of the Navy Department, arrived at Fortress Monroe on a special train from Washington. There, and later at Portsmouth, the King was warmly greeted by State and local officials and crowds of citizens.

Boarding the destroyer Stockton at Albion, said he had nothing to add to his statement of this afternoon that the men were expected to go out as planned.

D. F. Cushing, the State president of the operators' association, said the operators expected their mines to be idle tomorrow.

Gov. Harding of Iowa went to Chicago tonight for a conference with railroad officials on the order to confiscate coal.

KENTUCKY MINES NOT AFFECTED BY STRIKE.

(BY A. P. NIGHT WIRE.)

LEXINGTON (Ky.) Oct. 31.—Bituminous coal mines of Eastern Kentucky will be shut out of the nation-wide strike called by the United Mine Workers of America, according to the operators, who predict that less than 5 per cent of their men will be idle.

PADUCAH (Ky.) Oct. 31.—Coal mine operators in this city, tonight declared that the strike of bituminous coal miners set for midnight would in no way affect paducah's mines.

Officials of the St. Charles mines, with offices in Paducah, said that the operators had signed an agreement with the miners six weeks ago, which forbids them to participate in the present strike.

FIND BODIES OF MINERS. (BY A. P. NIGHT WIRE.)

AMSTERDAM (O.) Oct. 31.—Reports tonight stated that the bodies of James Gray and four other bodies of the twenty entombed miners in the Youghiogheny mine, No. 2, at the entrance to entry No. 18.

Illinois Strike Leader in Rage
at Injunction.

(BY A. P. NIGHT WIRE.)

SPRINGFIELD (Ill.) Oct. 31.—Approximately 80,000 soft-coal miners in Illinois had obeyed the strike order of their officials by 5 o'clock this afternoon, according to an announcement at State miners' headquarters.

Illinois soft-coal miners who went on strike late today were encouraged in circulars prepared tonight by Frank Farrington, district miners' president, to pay no attention to threats that troops would be used. "You should stay away from the mines, preserve order and do everything in your power in a lawful way to make the strike effective," the circular said. "Threats of placing troops in the various mining camps need have no terror for you, as their presence need be of no concern to you if you stay away from the mines."

Miners were warned against radicals who might take advantage of the strike, Farrington stated, to preach their "isms."

In a telegram late today to John L. Lewis, acting president of the United Mine Workers of America, Farrington declared "the Anderson injunction only makes us that much more determined to fight to the bitter end," and offered the Illinois legal department's aid in combatting the government's restraining order aimed against the strike.

ORATORICAL BARRAGE.
Assuming a defiant attitude towards the government's move to stop by injunction the threatened strike of soft coal miners, Frank Farrington, chairman of the miners' senate committee and president of the Illinois district, declared today that the "strike had developed into something more than a miners' strike," and that it was an "attempt to enslave the workmen and women of the country."

"I don't believe there is any power on earth that can stop the miners from going on strike tonight," Farrington said. "The action of the government will only inflame them. The question involved now is whether workmen and women have the right to strike when they think they have cause to do so."

Branding the act of the government in obtaining the injunction as "the most far-reaching and high-handed restraining order ever issued by a court in this country," Farrington declared its influence to breed radicalism was unlimited. "Nothing that I know of could have a tendency to incite Bolshevism in this country, as this restraining order will do," said Farrington. "All the agents of Lenin and Trotsky could not do as much."

"We are going through with the strike," Farrington declared. "Labor is bound to fight this injunction. If it stands it is within the power of any court to enslave the workman and woman any time the court decides to do so."

DECEIVED ABOUT AMERICA.
"If this injunction stands there will be a lot of us deceived as to the liberties we thought American citizens enjoy. The restraining order is a blow at the very heart of free institutions of our country."

Determination of the nation's soft-coal miners to strike has reached a point where it is beyond the power of any force to prevent the cessation of work at midnight tonight, according to Frank Farrington, chairman of the miners' international senate committee. Farrington would make no further comment concerning the injunction which was issued at Indianapolis this morning against the strike.

WYOMING MINE MEN THROW DOWN TOOLS.

(BY A. P. NIGHT WIRE.)

SHERIDAN (Wyo.) Oct. 31.—Twelve hundred miners in the bituminous fields of Northern Wyoming quit work at 5 o'clock tonight. No night shifts are operated in these mines.

Swing from the skyline like the hanging gardens of ancient Babylon and look out over the western world. Stores, schools and churches. Water pipes already installed. Electricity and telephone lines. Level lots 1/2 to 1 1/2 acres. Pay \$3 down and \$12 a month. Free building stone and sand. Get a bag of cement, a shovel and some building a cabin of your own. A summer and winter resort. Over 500 lots sold within past 4 weeks to people who love the great outdoors and do not care to maintain an extensive estate in the hills, but want a "little cabin" with plenty of avocadoes, oranges, raisins and table grapes and other good things to eat; and have a refuge and retreat from the strife and noise and damp, stilted air of the city, the smothering aroma of the high mountain chaparral. John Brown McHenry, author of "Mission Play," says: "Yes, tell 'em you sold me this dream place of mine and that they will not find your offer too good to be true, but happy morning."

Harry Carr, editor Times Sunday Magazine, says: "The place you sold me at Tujunga-Bonland is the one I most hope for such a spot. I did not know it was near."

Visit us in our own machines, we drive to Crescenta-Canada-Montrose region and go four miles westward on State Highway to our Tujunga office. Ask for Lemmon, Dean or Fitts of our local sales force. Weekday autos from our own office in Los Angeles, 1 p.m. We charge you a fee of \$1, refundable if you buy. This is for service of mine and a time in showing you to and about the valley and hill location, before leaving you free of all obligation if you do not decide to buy. Main 742. CALIFORNIA HOME EXTENSION ASS'N. M. V. Harrington, Pres. 123 S. Hill St., Los Angeles.

COAL WALKOUT NOW IN EFFECT.

Union Headquarters Silenced
by Court Order.

Leaders are Restrained from
Sending Out Messages.

Application for Temporary
Injunction November 8.

(Continued from First Page.)

eral strike order issued October 15. That general strike order will not be considered until the injunction order of the court is lifted. It is unfair to the union to ask that it rescind its action without giving notice of an intention to request such an order.

"The restraining order simply halts strike activities and is specific in forbidding exchanges of messages of exhortation or encouragement or the issuing of further direction for carrying on the strike. It applies to the act of one individual in conjunction with one or more other individuals."

"Does it operate to prevent addresses at mass meetings?" he was asked. "It does," replied Judge Ames. "It has a broad application to any concerted act or concerted utterance to aid or abet the strike."

Altogether, eighty-four leaders of the miners' union were named in the restraining order. Federal marshals here were given names of twenty-five men to serve in Indianapolis and reached eighteen of them, as follows:

John L. Lewis, acting president; William Green, secretary-treasurer; Percy Tetlow, statistician; Ellis Earles, editor of the Mine Workers' Journal; John Wilkinson, district president of District No. 21, Muskogee, Okla.; and the following members of the executive board: John O'Leary, Pittsburgh; A. R. Watkins, Yorkville, O.; M. J. Ferry, Hazelton, Pa.; Lawrence Bramlet, Diamond, Ind.; J. J. Mateo, Williamstown, Pa.; W. D. Van Horn, Terre Haute, Ind.; Samuel Ballantyne, Boone, Iowa; Frank Walters, Jellico, Tenn.; William Dalrymple, McAlester, Okla.; Hugh McLeod, Acme, Wyo.; George Baker, Central City, Ky.; Andrew Steele, Novinger, Mo.; G. L. Peck, Pittsburgh, Kan.

MUST APPEAR NOVEMBER 8.

The order also named all other executive board members, district presidents and secretaries of the various districts, including officials of anthracite and Canadian districts, unaffected by the strike. It was stated by L. E. Slack, United States District Attorney for Indiana, that to reach the men resident outside the Indiana Federal district it would be necessary to bring ancillary proceedings in the various jurisdictions.

The defendants were summoned to appear November 8, when a motion for a temporary injunction is to be argued. While the executive board of the union was effectively restrained from strike activities, it cleared up a number of routine cases awaiting its decision. It was understood, but not announced, that plans for combating the government's injunction suits also were discussed at the afternoon session.

WILSON MAY NAME A COAL TRIBUNAL.

ORIO MINE OPERATORS ADOPT
RESOLUTION WELCOMING
SUCH INVESTIGATION.

(BY A. P. NIGHT WIRE.)

CLEVELAND, Oct. 31.—The first step towards a possible settlement of differences between soft coal operators and approximately 500,000 miners in the threatened coal strike, scheduled for tonight, was taken here today at a conference of the executive committee of the Central Competitive Coal field by the adoption of a resolution welcoming an investigation of the strike by a tribunal which President Wilson may appoint. The conference then adjourned.

The resolution reaffirmed acceptance of President Wilson's proposal of October 24. Possibility of the mines being worked in the event the strike takes place seems remote, according to some of the operators, who pointed out that some States require an examination of all mine workers and that there might not be enough men to successfully pass the examination. They declared, however, they will keep the mines open and do all in their power to continue them in operation if the government so orders.

The Pittsburgh Vein Operators' Association, operating more than one hundred mines with 15,000 employees, voted today to notify all its miners to report to work tomorrow. A Federal order was issued to Cleveland managers of railroads for commandeering all coal in transit and to conserve this supply for railroad use.

Another government decree prohibited further loading of coal on boats for upper lake shipments. UTAH MINERS DON'T
HEED WORK ORDERS.

(BY A. P. NIGHT WIRE.)

SALT LAKE CITY, Oct. 31.—Although the strike of bituminous coal miners in Utah was "called off" today by John M. McLennan, Utah State representative of the United Mine Workers of America, advice reaching here were that miners in Carbon county, where most of Utah's coal is mined, were quitting work when the shift change occurred.

McLennan's action in calling off the strike, set off by a telegram from the result of a telegram he received today, which purported to be from John L. Lewis, acting president of the miners' organization.

McLennan did not question the authenticity of the telegram, but did the executive board of the mine workers at Indianapolis, when it learned that such a message had been received by Mr. McLennan. He sent instructions to all miners to remain at work, he said.

WORKERS DIGGING UP TO SUPPORT STRIKERS.

TWENTY-NINE UNIONS IN PENN.
SYLVANIA ASSESSED TO
FEED IDLE STEEL MEN.

(BY A. P. NIGHT WIRE.)

PITTSBURGH, Oct. 31.—Promises of financial aid came to steel-strike headquarters here today from Altoona, Pa., where, it was said, twenty-nine local unions had recommended that each member give one day's pay for the support of the strike, and that one-half the money at present in each local union's treasury, available for such purposes, be given out at once to the national steel strike committee.

Delegates from many counties in the State arrived tonight for a special convention of the Pennsylvania Federation of Labor tomorrow and Sunday. Included in the 150 delegates expected at the meeting were, it was announced, some 200 miners, representing the five districts of the United Mine Workers within the State.

THREATENS MORE STRIKES.

James E. Maurer, president of the organization, tonight gave out a statement through the steel strike committee, in which he said: "Further repression by legal authorities will be brought before the convention, including the shutting off of still further addresses to strikers by foreign-language speakers in places which have hitherto permitted such speakers."

"One of the proposed courses of action favored by some delegates who are already in Pittsburgh is the issuance of an ultimatum to Gov. Sproule and to State and local authorities that further appeals to governmental and judicial authorities for relief will be considered useless unless prompt and decisive action, including constitutional rights and civil liberties, is forthwith taken."

FORBIDS MINERS' STREET MARCHING.

(BY A. P. DAY WIRE.)

HARRISBURG (Pa.) Oct. 31.—Gov. Sproule, in a public statement tonight, gave formal notice that "the full power of the commonwealth of Pennsylvania, through all its agencies, will be used to protect those who desire to continue to work" during the mine workers' strike.

WORKERS DIGGING UP TO SUPPORT STRIKERS.

TWENTY-NINE UNIONS IN PENN.
SYLVANIA ASSESSED TO
FEED IDLE STEEL MEN.

(BY A. P. NIGHT WIRE.)

PITTSBURGH, Oct. 31.—Injunction proceedings in Indianapolis will make no change in the strike situation in Western Pennsylvania, officials of district No. 5, United Mine Workers of America, said this afternoon. "Our preparations are going right along, and the men will quit as scheduled," was the word which came from the office of President Philip Murray.

The small charges of the Children's Home Society of California, 114 Griffith avenue, will be entertained by the People's Spiritualist Church at a Halloween party this evening. The children, who are invited to come for the cake and candy, will have cream, cake and candy and enjoy an assemblage of jack-o'-lanterns and assorted hogbodies. The affair is being arranged by the pastor of the Spiritualist Church, Rev. Inez Warner, and by the members and friends.

—offering an opportunity that is positively without parallel in the history of Southern California real estate—the opportunity of obtaining a choice homesite or cozy bungalow homeplace, practically adjoining the exclusive West Adams district — a location convenient to down town by 5-cent yellow car, with city conveniences, but without city taxes, and situated in the direct channel of Los Angeles' growth to the sea—at a price that is very substantially lower than has ever before been quoted on desirable home property of this type.

More than \$60,000 has recently been expended in improvements. Other improvements are now under way. The development of Victor Girard's West Adams place is under the same management and direction that has made Walnut Park one of the most beautiful living places in the West. Does it mean anything to you to enjoy the **absolute assurance** of the continued development, improvement and beautification of the district in which you live or in which you invest?

The established list price of homesites in this tract includes parcels from \$700 up. The special deductions which will be made from these prices, ranging from 20% (for 10% payment down) to 30% (for cash), bring these prices down as low as \$490 and up—with all street work in and paid for.

To Aid In Financing Extensive Improvements—

30% will Be
Deducted
From List Price
for CASH
on Opening
Day—

A certain specified amount is needed to carry on the improvement work now under way. These special deductions are made to stimulate cash sales—to provide immediately the funds necessary for this improvement. This fund may be raised in a day or a week. This special offer is in effect only until that time, then the regular list price becomes effective, from which absolutely no variations will be made. Quaint colonial bungalow homes are now being constructed in the tract for those who wish to buy homesplaces on the monthly pay-like-rent plan. City conveniences. The erection of many other homes is being planned for the near future.

We are prepared not only to offer very material cash inducements to early buyers, but will provide a full set of building plans absolutely free—plans designed by some of the most prominent architects on the Coast.

FREE AUTO EXCURSION

Free Luncheon **Sunday, 10:30 A.M.** **Make Reservations**

The sale of lots will begin at 11 A.M., Sunday, Nov. 2. Naturally the first selection will be the best. First come first served. Take West Adams car (marked "Through Car") on Hill Street going South and get off at the tract or drive out West Adams Street to the tract office. THIS JOB IS TO KEEP GUESTS ENTERTAINED.

A director of amusements is a new position for hotel workers created by D. M. Linnard of the Alexandria, who is planning to book attractions for hotels under the Linnard control just as vaudeville acts are booked on a circuit. Henderson E. Van Surdam, formerly a lieutenant in the United States Army, has been appointed, and probably is the first man to undertake such a task. Mr. Van Surdam is at the Alexandria, preparing for his new duties. He is a solo clarinet player and a singer of note. He organized and directed the El Paso Symphony Orchestra and was superintendent of the El Paso Military Academy for five years.

Mr. Van Surdam is now booking a number of attractions for the Linnard hotels, several of which are being brought from New York for the California circuit.

Sacramento Man to State Board
(BY A. P. DAY WITH)
SACRAMENTO, Oct. 21.—J. H. Hinadle of Sacramento, attorney, was appointed today by Stephens to fill a vacancy on the State Board of Education, created by the resignation of T. S. Somery of San Jose.

THE CITY
AND ENVIRONS.

On Items.

Resolutions concerning rents will be considered at a meeting of the City Planning Association at 7:30 p.m., Monday in room 600 Realty Board Building. Lyman Farwell will speak on the Dodge plan for a civic center.

On Our Political Prisoners.

Adolph Germer, national executive secretary of the Socialist party, will speak on "The Problem of Our Political Prisoners" at a meeting in London Hall, 149 South Main street, at 8 p.m., tomorrow, under the auspices of the London School of Social Science.

In County's Employment.

Announcement was made yesterday by the County Civil Service Commission of an examination at 3:30 a.m., November 21, in room 1907 Hall of Records, to fill the position of fourth assistant superintendent of charities, in charge of the Olive View Tuberculosis Sanatorium. The salary is \$250 a month, with maintenance furnished.

On Trade Conditions.

"Future Trade Conditions" will be the subject of discussion at a meeting of the International Sales Managers' Association at 8:15 p.m., Monday, in the City Club room, with J. A. Daley in charge. The subject will be discussed by the following: The furniture market, C. B. Smith, C. B. Smith Furniture Company; dried fruits, Arthur P. Jacobs, Simon-Levi Company; hardware and machinery, J. G. Marks, Smith, Booth, Usher Company; grain and hay, Chas. McDowell, Western Hay and Grain Company; food products, E. W. Sweeney, Mail-

SCOTTISH RITE
HONORS ORATOR.

Bodies of Los Angeles Give Handsome Motor Car to Dean MacCormack.

Dean MacCormack of St. Paul's Pro-Cathedral was presented by the Scottish Rite bodies of Los Angeles, last night at the Scottish Rite Cathedral, with a handsome motor car. The dean is the orator for all the Scottish Rite bodies here, and the present is a token of appreciation and esteem.

William Rhodes Harvey made a brief introductory speech from the stage at the cathedral, and then the curtain rose, disclosing the car with the dean's daughter seated at the wheel. The machine is fully equipped, even with devices to balk auto thieves. The dean was so astonished that some minutes passed before he could express his thanks and appreciation.

Hard and Schmiedel; sugar market, P. Fontress Brown, Brown, Donsall Company; wholesale groceries, Louis Brooks, Channel Commercial Company; wheat products, C. C. Hine, Globe Grain and Milling Company.

WHAT'S DOING

DIRECT LINE TO ORIENTAL PORTS

Ships will Sail Regularly from Los Angeles.

First Norway Steamer Due at the Harbor Today.

Important Announcements at Commerce Board Feast.

An intensive advertising campaign by all business houses interested in foreign trade and by the Chamber of Commerce was started yesterday to advise the East that Los Angeles has a direct line of steamers to and from the Orient that will make regular sailings. The movement was launched at a luncheon of the Foreign Trade Department of the chamber held at the Jonathan Club, presided over by Sylvester L. Weaver, chairman of the Foreign Trade Committee.

Official announcement was made by Marius de Brabant, vice-president of the Los Angeles-Pacific Navigation Company, that after long negotiation definite allocation of ships had been made by the government and now it is up to Los Angeles to provide cargoes for Oriental ports.

COSTS LESS HERE.
Owing to the sailing date of the first ship being set in the first half of December, allowing but little time to obtain eastern cargoes, announcements were sent yesterday by telegraph to many of the leading shipping brokers throughout the East. These telegrams will be followed by letters and circulars giving definite information regarding date of sailing, cargo wanted, freight, and port charges.

It developed during the discussion that Los Angeles has the advantage over other Pacific Coast ports in being able to handle cargo for 10 cents a ton less than others and that with other favorable conditions will be outlined in the circulars.

In announcing the establishment of a regular schedule between Los Angeles and the Orient, Mr. De Brabant urged those present to improve upon all local freighters and to provide as large a tonnage as possible of local freight for the new line. Although a good supply is in sight for the first ship, it was pointed out that this will be a twenty-day service, which will call for loading at this port of an \$800-ton ship every three weeks.

NORWAY SHIPS.
Capt. Fritz S. Olsen, president of the Norway-Pacific line, announced that the first ship direct from Norway will reach Los Angeles Harbor today. This will be the first port at which the vessel stops to discharge cargo and take on cargo after leaving the Panama Canal.

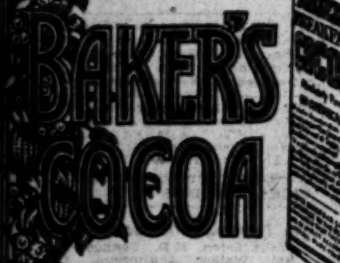

This company has ten ships built in Norway, which will be placed in service between Scandinavian countries and Pacific Coast ports. The ship arriving today is the George Washington, 3,000 tons, and will carry a cargo of rice, dried fruits, wool, beef, and other Southern products. Approximately 100 tons of California dried fruits will be loaded for Norway. The George Washington is an oil burner and according to the captain, the future ships built by Norway will utilize oil for fuel.

ON WORLD-WIDE HUNT.
Ruber and Son would go to Mexico to seek Elder Man's Brother.

Joseph Sorvino, of this city, with son, Joseph, Jr., applied yesterday at the Federal Building for a passport enabling them to go to the city of Mexico, on a search for the brother of the elder Sorvino, who disappeared some years ago, and is supposed to be in the capital of the republic. The trip marks the end of a world-wide search for the missing man.

Other applications for passports were: Cecil V. Gray, to go to Australia, Central America, Honduras and San Salvador, to go into ranching business; Louis Barlow, to go to Panama Canal Zone as a construction engineer; and James J. Kendrick, to go to Honora, Mex., to look after mining interests.

PURE AND DELICIOUS WALKER'S COCOA

Is a most satisfactory beverage. Fine flavor and aroma and it is healthful.

Well made cocoa contains nothing that is harmful and much that is beneficial.

It is practically all nutrition.

NEWS FROM CHURCH FIELD.

Topics of Interest to be Discussed in Many Pulpits Tomorrow.

(Continued from Sixth Page.)

Andrews will take for his subject "The Friend of Christ." The health study class, which meets next Wednesday evening, will discuss "Habit, Good and Bad, and Their Relation to Health."

BACK AS PASTOR.
NOTED "Y" WORKER HOME.

After an absence of a year to a day, nine months of which time was spent in war work in France, under the Y.M.C.A., Rev. Marcus P. McClure returned to Hollywood, and tomorrow morning will resume his pastorate of the First Presbyterian Church of Hollywood. While in France Dr. McClure sent his resignation to the church, but the congregation did not accept it, and urged unanimously his reconsideration. In honor of his returned pastor and of the retiring acting pastor, Rev. Howard W. Kellogg, and their wives, the church is giving a dinner and reception Monday evening, with the Presbyterian Brotherhood in charge.

Dr. McClure first served at Camp Kearny, for parts of the time as representative of the Presbyterian church, and later was with the Y.M.C.A. in France he was religious work director of the Eightieth Division, which was originally composed of Virginia, West Virginia and Pennsylvania men. He joined the army a few weeks after the armistice was signed, and was stationed at the Ancey Le Franc divisional headquarters. He later went to Le Mans, and was there for three months in work in concentration camps.

After returning to the States last July, Dr. McClure traveled through the East and preached in many prominent Presbyterian churches, including the famous Plymouth Church in New York City. Mrs. McClure, who joined him in the East, accompanied Dr. McClure on this tour.

During November, Dr. McClure will deliver an interesting series of sermons, both morning and evening, the latter themes being based on his experiences in France. He has adopted the following schedule:

EVENING THEMES.
November 2: "A Man Fortunate in Being Left-handed." Signal Service Man Decides Upon a New Vocation."
November 9: "A Quaker Lieutenant in a New Role."
November 16: "An Artistic Temperament and Its Peculiar Dangers."

MORNING THEMES.
November 2: "The Tragedy of a Christian's Life."
November 9: "My Church."
November 16: "A Programme and a Goal."

NOVEMBER 23: "The Utmost in Americanization."
November 30: "Loyalty's Demands."

DR. FRANCIS GOES EAST.
DR. GIFFORD TO PREACH.

Dr. James A. Francis of the First Baptist Church will leave Los Angeles next Tuesday for Pittsburgh, in which city he will deliver a series of addresses at the United World's Christian Citizenship Conference. In the absence of Dr. Francis, his pulpit will be supplied by Dr. O. P. Gifford.

Dr. Francis, however, will preach, as usual, at his church tomorrow morning and evening. At 7 o'clock tomorrow evening the members will inaugurate a community religious song service, under the direction of Prof. Hugo Kirchoffer. The Bible School will meet at 9:30 a.m. and the Auditorium Bible Class at 10 a.m.

ANNIVERSARY SERVICES.
FIRST PRESBYTERIAN.

Tomorrow marks the second anniversary of Dr. H. K. Walker's pastorate in the First Presbyterian Church. Dr. Walker came to Los Angeles twenty-two years ago and was the minister of Immanuel Church for more than fourteen years. After a brief pastorate in Atlanta, Ga., he returned to Southern California and two years ago assumed the pastorate of the First Church of this city. The membership of the church has grown from 200 to 100. The income of the church has greatly increased, the minister's salary having been practically doubled and an assistant minister, Dr. A. W. McConnell, engaged to help in the care of the church.

Dr. Walker will preach anniversary services tomorrow. The morning topic will be "Discovering Our Neighbor." In the evening, the minister will take his friends into his confidence and speak on the subject.

Rev. Marcus McClure.

"The Kind of a Minister I would Like to Be."

DEAN MACCORMACK BACK.
WILL PREACH TOMORROW.

Rev. William MacCormack, Dean of St. Paul's Pro-Cathedral, returned yesterday from Detroit and will be present at the services at the cathedral both today and tomorrow. Today being All Saints Day, services will begin at the church at 10 o'clock and Mr. MacCormack will preach on the topic, "The Heritage of the Departed." Billy Sunday once remarked, "When the Episcopal Church wakes up, look out!" Tomorrow morning the Dean will preach on the subject, "The Heritage of the Departed." The subject for the evening will be "Canada in the Throes of Readjustment," and the pastor will dwell at length upon his recent visit to the northern dominion.

Other services of tomorrow will be Holy Communion at 7:45 a.m.; Bible School at 9:30 a.m.; Men's Forum and Women's Bible classes at 10 a.m.

"GOD AND NATURE."
FIRST UNITARIAN.

Beginning next Thursday evening, at the First Unitarian Church, Rev. E. Stanton Hodgin will give a series of free lectures on "The Bible and the World's Civilization," in which he will deal with the social, industrial and cultural life of the ancient world, out of which grew not only the Hebrew and Christian Bibles but other religious scriptures and movements. He will also discuss the effect of the Bible upon world conditions. The first lecture will be on the subject, "A Glance at World Conditions While Bibles Were Forming." Tomorrow morning Mr. Hodgin will preach on "God and Nature—Being True to Both."

DR. DAVIDSON RETURNS.
ST. JOHN'S CHURCH.

Dr. George Davidson, rector of St. John's Church, returned to Los Angeles yesterday from a visit to the East, having visited many churches in several large cities with a view to securing an especially beautiful church building for Los Angeles. He had a number of conferences with Bertram Goodhue, a noted architect of New York City, who has been engaged to draw plans and sketches for the proposed new St. John's Church.

In the evening Dr. Davidson will preach on "The Communion of Saints" and in the evening will discuss the work of the General Convention.

DR. CARL S. PATTON.
FIRST CONGREGATIONAL.

Dr. Carl S. Patton is expected to return from the meeting of the national council in time to preach from his pulpit at the First Congregational Church tomorrow morning. The evening Dr. Patton will preach on "The Contribution of the First Christian Church to the World's Civilization." The church will unite with the Congregational Church in this service. The neighborhood circles will hold their regular monthly meeting next Thursday at 2 p.m., with hostesses in various parts of Los Angeles.

MOVE TO NEW QUARTERS.
WILSHIRE CHRISTIAN.

The Wilshire Boulevard Christian Church and Sunday-school will enjoy their new and enlarged quarters tomorrow. In addition to elaborate alterations on the first floor, a new entrance to the main auditorium has been made and a commodious vestibule has been erected. The building is now one of the best equipped Christian churches in Los Angeles. The alterations were made necessary by the remarkable growth the church has enjoyed under the leadership of Rev. N. Howard Fagan, during whose ministry of less than one year more than 100 new members have been added to the congregation. Mr. Fagan will preach tomorrow morning on "A Prophet and a Programme," and in the evening on "Moses, the Hero of the Desert."

"CHURCH AND STATE."
IMMANUEL PRESBYTERIAN.

A series of sermons on the life and times of Elijah will be preached during the present month by Dr. Herbert Booth Smith at Immanuel Presbyterian Church. Special interest attaches to the opening sermon, tomorrow, since it deals with the visit of an embassy of civic "boosters" to the ancient prophet. Dr. Smith will discuss the proper relations between political officials and the clergy, or Church and State, and he extends a special invitation to the public officials of Los Angeles to be present. At the evening service Dr. Smith will preach on "The Second Coming of Christ and the End of the World."

"THE DOUBLE STANDARD."

Are men and women equal in physical strength and in mental and moral characteristics and qualities? Should they be treated alike? Is one moral standard practicable? Until recently Dr. J. Whitcomb Brougher has believed rather strongly in the affirmative answer to these questions but he stated yesterday that after careful investigation, he has changed his opinion somewhat and that he does not believe men and women can be treated alike either in morals, politics or business. Dr. Brougher will express his opinion on this subject in a sermon at Temple Baptist Church tomorrow evening. In the morning the subject will be "The Double Standard for Salvation through the death of Christ." It is just for the innocent to suffer for the guilty?

DR. TORREY RETURNS.
CHURCH OF OPEN DOOR.

Dr. R. A. Torrey, who has just returned from a four-months' tour of the Orient, will speak tomorrow morning at the Church of the Open Door on "Seven Absolutely Essential Doctrines of the Christian Faith." Dr. Torrey spent several weeks in China visiting the summer conferences where large numbers of missionaries gather from all sections of China, delivering lectures on the fundamentals of Christianity. He had many interesting experiences among them being the privilege of preaching to thousands of pilgrims to the sacred mountains of Nan Yoh, through his son, Reuben Torrey, Jr., an interpreter. Dr. A. C. Dixon will speak at the evening service on "Heaven on Earth."

At 3 o'clock in the afternoon, in the auditorium of the Bible Institute, the Gideons will hold a rally for the purpose of raising funds to place 10,000 Gideon Bibles in the hotels of Los Angeles. Dr. Dixon will make an address on the subject "The Book That Wins." Next Thursday afternoon at 3 o'clock Prof. Otto T. Hirschler will give a free organ recital in the auditorium.

NEW SERMON SERIES.
WESTLAKE PRESBYTERIAN.

Dr. G. A. Briggles will begin a new series of sermons at the Westlake Presbyterian Church tomorrow evening on the general topic, "Some Young Men and Women We Have Known." The special topic for tomorrow will be "Dittwood—A Young Man Who Didn't Care." On the following four Sundays, Dr. Briggles will preach on the subjects: "Common Sense," "Success—Young Man with Vision," "Anchored—A Young Woman with Singleness of Purpose" and "Victory—Young Man with Triumph, though Defeated." Tomorrow morning Dr. Briggles will preach on "The Secret of His Presence."

FOR YOUNG PEOPLE.
AN INTERESTING CAMPAIGN.

The Young People's Evangelical campaign, being conducted under the auspices of the Los Angeles County Union of Christian Endeavor Societies, is advancing rapidly in both interest and size. The object of the campaign, which was organized by R. E. Creighton, Paul Brown, Charles Culver, Harold Cross, Rev. J. Chester White and Dr. Hugh K. Walker, is to plant seeds of the heart of future citizens of the Christian church. The charge of the campaign are Rev. Harry W. von Bruch and Harlow W. Parsons. The campaign started at Glendale, and has passed through six of sixteen large districts. Meetings to follow are: November 11, Highland Park and Lincoln and Maple avenues, at Southern; November 18-22, Hollywood and Western avenue, at West Adams; November 25-30, Central and Northwest of meeting not yet decided.

CHURCH NOTES.
At Trinity Baptist Church, his evening topic will be "Powerless or Powerful? Which?"

At the Church of the Open Door, his evening topic will be "The Double Standard for Salvation through the death of Christ." It is just for the innocent to suffer for the guilty?

Occidental and University of Southern California Elevens in a Terrific Struggle Today.

TROJANS TO MEET TIGERS.

Advance Excitement Reaches Fever Heat; Police Get Riot Call.

There are fat possibilities in the Occidental-U.S.C. football game this afternoon. It may be a perfectly nice affair. It may be a free-for-all fight, with cohorts of both schools climbing each others' necks and disinterested spectators screaming the fence.

Graduate managers of the institutions don't know whether to laugh or to ask for police protection at the game.

ALL EXCITED.

For football battles in the history of the South have stirred up such vast quantities of advance heat.

Not long ago the Trojans went over and swiped Occidental's pet Tiger. Yesterday, sixty Tiger husks ditched school and searched U.S.C. for their missing animal. They didn't find it. But they did kick up a terrific amount of excitement. The entire Trojan student body jumped out of class and rushed to the defense of their institution.

The football demons had determined to sink or swim, live or die, survive or perish. With this in mind, they visited the Sigma Phi fraternity house and looked it over thoroughly. Nothing turned up. They then started back to a cold and cheerless home without the stolen animal, when they were overtaken by a hastily organized posse of university students. The battle ensued. The argument lasted just long enough for a riot call to be sent to the police, and then the crowd melted and no one knew, saw or heard a thing. When the cops arrived on the scene everything was peaceful and happy.

ONE VICTIM.

The enraged Trojans surrounded one innocent-looking Oxy bird, bound him hand and foot, and are holding him for ransom.

The U.S.C. students held a football rally yesterday noon when they tried to decide whether to eat Occidental with or without salt. The Tigers held their rally last night and put U.S.C. out of the running then and there.

So when Coach Henderson leads his squad out on the gridiron this p.m. he will find his opponents full of fight and looking for blood. Just how far "fight" will carry a team toward victory will be demonstrated. Coach Stanton has a squad of men who are filled with an awful desire to win, and who fully recognize that the odds are against them. The Tigers will not have a wonderful football machine, but it's a cinch there will be a punch to their work.

Practice Putting on WEED TIRE CHAINS in the Garage

It only takes a few moments to attach them when you know how. No jack required. Study the directions. Practice makes perfect. No danger of injury to tires.

THE careful driver regularly gives his car "the once over" every few days before he takes it out of the garage. He gives a turn or two to the grease cups—tests out the brakes, sees that there is a sufficient supply of oil, water and gasoline and that the batteries are in good condition, etc. By so doing he is assured, barring accidents, that he will have no trouble on the road. But—

HOW few there are that pay the slightest attention to the proper method of attaching Weed Tire Chains

Rain comes on, the road and pavements suddenly become slippery and treacherous—the car slips or skids—the Weed Chains, carried in nearly every tool box, are hauled out and a hundred to one the driver has only a hazy idea how to attach them. He fumbles around, gets hot under the collar and falsely accuses them of being a nuisance.

Women drivers are very numerous nowadays. They are driving out into the country over all sorts of roads—they surely need protection against the dangerous skid. How many of them know how to put on Weed Chains? Have you ever instructed your wife, your sister or your daughter.

The directions for attaching Weed Chains are simple yet most important. Avoid annoyances on the road—learn how easy it is to put them on correctly—practice in the garage and give the women instruction. It will amply repay you in security, satisfaction and comfort.

Printed instructions for attaching Weed Chains are packed in every bag—if you desire a copy write us and we will gladly mail it to you.

Weed Chains are also made to meet the demand for an efficient traction and anti-skid device for trucks equipped with single and dual solid tires or with the very large pneumatic tires. They are so constructed that they satisfactorily meet the requirements of heavy truck service in mud, sand or snow.

Long Beach Beats Los Angeles by Single Score.

Whittier's Men Lack Six Inches of Touchdown.

One of Greatest Prep Battles in Southern History.

Long Beach defeated the Los Angeles High School football team 7 to 0 yesterday in one of the greatest prep battles in the annals of Southern California football.

For pure, unadulterated thrill and nerve-tinting situations, yesterday's contest outvalued any college football game that has been played in the south this year.

The scoring of the Long Beach touchdowns was sensational in the extreme. For almost the entire first half, lacking exactly one minute and thirty seconds, the play for the most part had been in the center of the field. The "break" came when Sherman and Colton in the back field for Los Angeles both tried to handle a punt from the top of Full-back line. The result was a fumble, which was recovered by a Blue and White player on the Los Angeles 10-yard line.

Colton booted short in the shadow of his own goal posts, and Dolley came in three yards to the Blue and White 29-yard line. Le Febvre ripped over the L. A. left tackle for fourteen yards to the 15-yard line.

Then it was that Long Beach rose to the emergency. Five successive formations, executed in exactly fifty-five seconds, took the pipkins over the line, the last one being a skin tackle by Le Febvre. Tiernan kicked the goal.

SHORT TIME.

There was just enough time left for L. A. to kick off, but Tiernan found that sufficient to bring the ball in forty-eight yards, the longest dash of the game. The whole time while blew as he was downed.

Only the absolute inability of the Los Angeles backs to dent the powerful Seaside line prevented a tying touchdown being scored in the last two minutes of play. That and the poor generalship of Quarterback Colton cost the local team the game.

STANDING OUT HEAD AND SHOULDERS.

According to weights given out by the coaches, the Tigers will be outweighed fifteen pounds to the man on the line, and about twenty pounds in the backfield. Here is a handicap right off the bat which will be difficult to overcome. Two of Occidental's first-string men are out of the line-up.

All factors point to a Trojan victory this afternoon. The Tigers' ability to fight is their let.

Coach Henderson continues to hang crepe on the landscape and feels confident that U.S.C.'s chances are decidedly poor. Coach "Fox" Stanton of Occidental refuses to say anything, one way or the other.

Preparations are being made for a record-breaking crowd at the game. The student bodies of the two schools will attend to a man, and the alumni clear back into early history will be on deck. Hundreds will turn out looking for a good battle on the gridiron and living in hopes that a similar affair will be staged in the bleachers.

PEGS OFF FOR SWEDEN.

(BY A. F. NIGHT WIRE.)

NEW YORK, Oct. 31.—Three amateur boxers, who will represent the United States in the international tournament in Norway, Sweden and Denmark next month, sailed tonight for Sweden on the *Stavangerfjord* for Sweden.

RUTH TO SLAM

'EM OUT TODAY.

World's Best Batter to Play at First Base.

Two Teams are Made up of Ball Topnotchers.

Cravath to Show His Mettle Against Bostonian.

BY HARRY A. WILLIAMS.

Contrary to expectations, Babe Ruth yesterday did not resume his assault on our baseball fences and mesh wire entanglements.

The batting kink turned out of bed sore in the morning, and was pronounced unfit for work by his official bone rubber and muscle soother. There is nothing seriously wrong with Babe. He simply went to bed last night after a protracted layoff, and the result was a bunch of sore muscles and knotted joints.

His physical adviser instructed him to lay off the heavy stuff yesterday, explaining that the soreness would come out with a little rest, leaving him in prime condition to beat the pill out of the lot this afternoon.

DAY AT STUDIO.

In the forenoon Ruth was visited by Low Cody, who wanted him to get in front of the film for a few special pictures. So Babe passed practically the whole day at the studio belting out imaginary home runs. Even a guy with stiff joints can belt out imaginary home runs and never strike out in a pinch.

Ruth was glad of the opportunity to visit his studio, as he wanted to study the fine points of Cody's leather overcoat. Low has a swell harness with holdback straps, check-rein, a surcingle that is guaranteed not to slip when once cinched up, and a small mirror protruding from one shoulder which enables him to observe the females who are pursuing him without turning around, and avoid skidding into them when he cuts a corner.

LEATHER FOR BABE.

Ruth is planning to get a leather outfit, not only containing all these improvements, but with interfering pads for his ankles and non-skid soles on his shoes. Buying a leather overcoat without decorations isn't much of a trick, but it takes money to equip him with all the modern accessories.

Quite a gang of athletes worked out at the park yesterday, but as none of them had home-run records to perpetuate, there was no shouting at the top of the fence. Bobby Meusel did not work, being content to rest on the reputation made last season. Cravath was regarded as the champion circuit climber of modern times. Ruth appears on the club managed by Buck Weaver, while Cravath will perform under the colors of Red Killefer's all-star team.

And in recent years has such a constellation of big-league batting talent been assembled in a western stadium as will be seen at Washington Park this afternoon.

FIRST WORKOUT.

"What did he show you the first day he worked out in Boston?" Thomas was asked.

"Nothing, except a supply of 'N-T' vented Thomas.

OREGON AGGIES

TO PLAY BEARS

Expect to Defeat the Blue and Gold Today.

Northwesterners Have Nine Veterans on Team.

Berkeley Squad to Tackle Trojans Next Week.

(SPECIAL CORRESPONDENT.)

BERKELEY, Oct. 31.—California Field will be invaded from the north for the last time this season, tomorrow, when the heavy Oregon Aggies will come down from Corvallis in an attempt to duplicate the victory of the Washington State University eleven last Saturday.

Incidentally, this will be the last appearance of the Blue and Gold squad on their home lot this season, as next week they will leave for the California field for the first time when they board the Civil for Los Angeles to stack up against the University of Southern California Trojans. Their next game will be at Stanford on November 22, and then Andy Smith's aggregation will invade the North in their final contest of the season, with the University of Washington, at Seattle, November 27.

TOUGH PROPOSITION.

The Oregon Aggies, despite their defeat last week at the hands of the Stanford Cardinals, are a very formidable aggregation. When they come south it will be with a memory of the 14 to 5 defeat which California handed them on their last trip to this part of the country, two years ago. And as for their defeat of last week, the story of the game play by play shows that they are not as weak a team as the score would indicate.

Several changes have been made in the California line-up during the last week. Jimmie Cline is one of the game on account of injury and his place has been filled by K. Deeds, who has been shifted from quarter. McCoy will be started at fullback. Although Spott would be able to carry the ball much, his presence on the team would give the squad a world of confidence and also a good punter.

Brooks at right half, Chad Rowe at left half and "Dummy" Wells at fullback will make up the rest of the back field.

Expect to Defeat the Blue and Gold Today.

Northwesterners Have Nine Veterans on Team.

Berkeley Squad to Tackle Trojans Next Week.

BERKELEY, Oct. 31.—California Field will be invaded from the north for the last time this season, tomorrow, when the heavy Oregon Aggies will come down from Corvallis in an attempt to duplicate the victory of the Washington State twenty eleven last Saturday. This will be the last appearance of the Blue and Gold squad on their home turf this season, as next week they will leave California Field for the first time when they board the Owl for Los Angeles to stand up against the University of Southern California Trojans. Their next game will be at Stanford, on November 23, and then Andy Smith's aggregation will invade the North in their final contest of the season, with the University of Washington, at Seattle, on November 27.

TOUGH PROPOSITION. The Oregon Aggies, despite their defeat last week at the hands of the Stanford Cardinals, are a very formidable aggregation. When they come south it will be with a memory of the 14 to 3 defeat, which California handed them on their last trip to this part of the country, two years ago. And as for their defeat last week, the story of the game play by play shows that they are not as weak a team as the score would indicate.

Against the Cardinals they scored over 100 yards during the game from scrimmage, while the red-jerseyed players made but eighty-six yards and failed to make a touchdown during the entire game. As has been the story with California during the early part of the season, fumbling seems to be their constant enemy.

Several changes have been made in the California line-up during the last week. Jimmie Cline is out of the game on account of injuries, and his place has been filled by Karl Deeds, who has been shifted from center. McCoy will be started at the other end of the line. The runner is out that "Peaky" Sprout will be in the line at quarter instead of Gimbal when the game starts. Although Sprout would not be able to carry the ball now, he promises on the field to make the squad a good punter. Capt. Fred Brooks at right half, Chad Row at left half and "Dummy" Wells at full will make up the rest of the back-field.

FAMILY PASSES AWAY.

MRS. ROSARIO RUBIDOUX DIES AT SON'S HOME IN ONTARIO.

ONTARIO, Oct. 31.—Mrs. Rosario Rubidoux, aged 68 years, wife of Abundo Rubidoux of Riverside and member of one of the oldest and best-known families in Southern California, died suddenly in Ontario today at the home of her son and daughter-in-law, Mr. and Mrs. C. M. Rubidoux, No. 426 East Park street, where she has been visiting for the last seven weeks.

Mrs. Rubidoux had been in poor health for some weeks, but her death was not expected. She is survived by the widower, four sons, C. M., Willard, L. J. and Abundo, Jr., and two daughters, Mrs. C. Roma and Mrs. F. Cole of Los Angeles.

Mrs. Rubidoux was the daughter of Eusebio Trujillo and her mother-in-law was Dolores Garcia, both pioneers of the Rubidoux family.

The funeral will be held tomorrow afternoon at St. George's Catholic Church, with interment in Bellevue Cemetery.

NEW SWEET SHOP.
LONG BEACH, Oct. 31.—Long Beach is to have a California Chocolate Shop, a new store in the series of five owned by E. C. and Mrs. W. Quinby, whose main offices are at 217 West Sixth street, Los Angeles. They plan to make a new shop one of the most elaborate and beautifully-appointed of any store they have yet equipped. A new building at the corner of First and Pine streets is to house the new establishment.

The News From South of Tehachepi's Top.
SENDS APOLOGY
TO PASADENA.

Non-Appearance of King Albert Regretted by Official.

No Train De Luxe on Santa Fe this Winter.

City Commission Upholds Fire Chief's Action.

PASADENA, Oct. 31.—The State Department has apologized to the city of Pasadena for the action of Special Agent Nye of that department in preventing the King and Queen of the Belgians from attending the luncheon arranged in their honor at the Hotel Maryland here last week from greeting the 10,000 school children assembled in the eastern part of the city.

The apology is conveyed in a letter written by Breckinridge Long, Assistant Secretary of State, to Senator James D. Phelan, and conveyed in a telegram sent here today by Senator Phelan.

Phelan's protest against the insult to the King and Queen and the insult to Pasadena was carried to Washington by John H. Board of Trade, representing that and other Pasadena bodies. He and Senator Phelan have had the matter up with the State Department, demanding the dismissal of Nye.

It is extremely regrettable if any representatives of the Department of State conducted themselves in a manner which was offensive to the citizens of Pasadena. You may be assured that the subject matter of your conversation will be thoroughly investigated.

You may express to the appropriate officials the regret which is felt that any circumstances should have prevented the people of Pasadena from seeing the King and Queen of the Belgians and from carrying out the programme which had been arranged in their honor.

NO DE LUXE TRAIN.
The Santa Fe De Luxe train will not be run to Southern California this winter, according to the schedule announced today by W. R. Flynn, assistant agent of the Santa Fe and representative of the Railroad Administration.

However, the regular trains on the Santa Fe will be run in two sections every day during the winter season. The California Limited will be run in two sections every day during the winter season, and twice every week during December and the daily double section trains will be run beginning in January.

The Santa Fe De Luxe was a special extra-fast train operated twice a week to Southern California before the war.

CHIEF IS UPHELD.
The City Commission voted today to uphold the action of Fire Chief C. C. Cook in dismissing Fireman F. A. Borney. He dismissed Borney on the ground that he was only engaged temporarily during the war, and is over the age limit. Borney contested the dismissal, holding that he was a regular member of the department and that the chief had no right to dismiss him.

DISCUSSES MEXICO.
"Intervention in Mexico is not more than a few years ago, for I saw the Washington administration will stick by the Carranza administration to the end," said W. L. De la Paz, who returned from Mexico in this city today after two years of investigation into Mexican history and affairs for the Doherty Research Foundation.

Mr. Blair is inclined to be optimistic about the situation in Mexico. A successful election of a President in that country would help the solution of the turmoil, he believes.

TOURING CAR
UPSETS TRUCK.

Passenger Pinned under Wreck Suffers Severely.

Monrovia Real Estate Market Continues Active.

To Take Census of Youth of School Age.

MONROVIA, Oct. 31.—Pinned beneath a big truck when it turned turtle early this morning at the Double Drive, Arcadia, on the Foothill boulevard, Frank A. Bishop, 26, a former employee of the Bradford Banking Company of Los Angeles, had both legs and his right arm broken. Footing internal injuries complicate the case. Capt. Darrow of the Balboa School Hospital, where Bishop was taken after the accident, believes he will recover.

The smash occurred at 7 o'clock. Bishop was a passenger on the truck, which was driven by R. Smith. As they started across the Foothill boulevard, going north on the Double Drive, their car was hit by a glancing blow by a small touring car, driven by E. E. Spear of Pasadena. The impact was sufficient to tip the top-heavy truck onto its side, throwing out both the driver and passenger, and crushing Bishop beneath. Spear's car was thrown to telescoped, but remained upright.

In giving his account to Marshal Treen of Arcadia, Spear declared he was temporarily blinded in driving from the shaded boulevard west of the Double Drive directly into the almost level rays of the sun. "It was not until too late to avoid the crash, he says, that he saw the touring car."

Bishop, formerly driver of the Bradford truck on this route, was in two automobile accidents previously. The first occurred in 1917, when he was taking the early morning ride with his friend. He had been in the bakery concern would have another route open for him.

HEAVY BUYING CONTINUES.
Heavy buying of residence property in the district of Monrovia is continuing here. Hoffman & Milgren, local real estate dealers, today announce new sales totals of \$18,710, all made during the last few weeks. The list covers fifty-three sales, the majority of which are for residence property, making the total yield for \$4000 in value.

MINOR CENSUS STARTS.
Acting under direction of State Superintendent Will C. Woods of the Department of Education, Superintendent A. R. Clifton of Monrovia has ordered the beginning of a minor census-taking here. All boys to 21 years of age will be taken. The object of the census, provided for by a recently enacted law, is to check up on the ratio of school attendance.

"Hotel del Coronado" will be very popular this season. Make reservations at 517 Spring street—(Advertisement.)

NOTE—As all dairy cattle in Southern California are fed on alfalfa, the milk has the alfalfa flavor, which renders it superior to other milk.

Best and Cheapest Milk In The United States

Owing to the rise in price of milk by the producers, caused by the serious shortage and continued advance in price of feed, together with the shortage of and high wages paid farm help, compels us to make an advance in the retail price of milk.

Therefore, commencing November 1st, 1919, and until further notice, the following prices will be effective:

- 1 Pint Milk \$0.09
- 1 Quart Milk16
- 1/2 Pint Coffee Cream16
- 1 Pint Whip Cream40
- 1 Quart Buttermilk11

We realize that it is to our interest to sell our product as cheaply as is consistent with present conditions, as a decreased consumption of milk will cost the cost of delivery. Every one should use the milk they can secure, as it is still the cheapest food that can be purchased. Milk in Los Angeles is the cheapest in the United States, as shown by the following prices taken from the September, 1919, Government milk market report.

Table with multiple columns showing milk prices for various locations including Boston, New York, Chicago, etc. Includes prices for different types of milk.
